

THE WORLD: FRIDAY EVENING, JULY 20, 1894.

STOCKS DULL AND LOWER.

NEW JERSEY.

Wall Street Awaits the Effect of Cleveland's Letter.

Rumor that M. P. Would Default Interest Quickly Silenced.

As Wall street is waiting to see the effect of President Cleveland's letter to Mr. Wilson in regard to the tariff, regulation at the Stock Exchange continues extremely dull. The professionals have an monopoly of the business, and common-holders, as a rule, are doing next to nothing.

The tendency of prices was downward this morning, the decline being equal to 10 points, which is as low as 100 points despite the boasts of those who are pulling sugar and who claim that the Trust will not be reorganized.

Some of the people who live along the Hudson and the Stock Board are in the brook, and have asked the Board to take some action in the matter.

Rumors were current that the Company will sell out on the Atlantic interest, but a director states that the money is already in bank to meet it.

Distillers rose 5-8, to 214-14, and Wheeling & Quincey ranged from 15-17 to 21-23; St. Paul, 68-78 to 69; Rock Island, 67-14 to 67-38; General Electric, 36-14 to 36-38; Richmond Terminal, 12-12-8, and Western Union, 84-78 to 85-14.

Money easy at 1 per cent on call. Foreign exchange 1-1/2 to 1-1/4. Gold 1-1/2 to 1-1/4. Sixty days and 4-83-1/4 a 1-2 for sight. The supply of commercial bills is extremely small.

Cards and silver declined to 62-3-8, and Mexican dollars to 50-5-8. Bar silver in London fell to 28-8d. Peewee ounce.

Sales of stocks up to noon were only 100 shares. After that hour distillers dropped to 20, but the market generally were slight, and speculation presented no special feature.

The bears were afraid to add freely to their positions in the market, while the bulls remained passive.

Missouri Pacific rallied from the lowest on the announcement of H. C. Frick, president of the company, that he will cash the August coupons on the Collateral Trust bonds, less 6 per cent, interest from the date of payment up to Aug. 1. This at once quieted the rumors about a possible default.

LOW WHEAT RECORD.

All Cereals Decline, and Cotton and Coffee Weak.

The market for wheat was weak and lower, selling down 5-8c., to 58c., making a new record at New York, while the break was at Chicago, touched 55-5c.

The break was on feed and lower cable. Corn was weak and 1-2c. lower, to 48-5c. for September, on rains in the corn belt. Oats broke 3-8c., to 31 20c. in New York, and 1-2c. lower.

Cotton, down 4-6 and 1 point lower at 87 for August. The market for coffee was 5 to 10 points lower with September at 13-30.

LOOKS LIKE ARSON.

Rags Saturated with Oil Found After a Fire in Nutley.

NUTLEY, N. J., July 20.—A fire, which has the appearance of being of incendiary origin, to-day partly destroyed a house owned by Thomas E. Satterwhite, of New York, and occupied by P. T. Taboras, of New York.

The house is situated on North Road, and the fire was discovered by a servant in the employ of H. G. Cooke. She notified her employer and a fire brigade was formed and the fire was put out after doing \$200 damage.

Mr. Taboras and his family were in Passaic at the time the fire broke out. An investigation showed a quantity of old rags and papers in the cellar saturated with oil.

Mr. Taboras says everything was all right when he left the house and that some one evidently placed the rags and papers in the cellar. He has consulted with his lawyer with the hope of finding out the guilty party.

Poisoned While Treating a Horse.

WESTWOOD, N. J., July 20.—Samuel Nelson, a veterinary surgeon, is in a dangerous condition suffering from blood poisoning to have been contracted while treating a sick horse belonging to Aaron Tiers, about a week ago. Dr. Nelson, who had treated his horse and was paid \$100 for his services, has made the deal with Dr. and Mrs. Van Orden. The prisoners were held for the Grand Jury.

Accused of Horse-Stealing.

John Pink and George Van Orden were brought before Justice Tiers in Jersey City to-day on a charge of horse-stealing before trial. J. Forsyth of Greenville, N. J., and John F. Schmit of 244 Meeker avenue, Brooklyn, Schmit said he had traded his horse and Dr. Nelson had made the deal with Dr. and Mrs. Van Orden. The prisoners were held for the Grand Jury.

Accused of Taking His Employer's Money.

Louise Craven of 180 Grand street, Jersey City, was a plaintiff in a police court this morning in complaint of Emanuel J. Stein, of 39 Camp street, Newark. Stein was formerly in the employ of Stein as collector, and it is believed that he appropriated to his own use about \$100 of his employer's money. He was turned over to the Newark authorities.

Escaped Convict Recaptured.

Alfred Dixon, who escaped from the Hudson County Jail a short time ago, was recaptured last night as he returned to his home, 60 Atlantic street, Jersey City. He was taken back to the jail.

Purchase and Exchange.

One Time, per line; Second Time, 50c, per line; Third and Subsequent Times, 50c, per line; No extra charge on Sundays.

Real Estate Still Rampant in Saddle River, N. J.

HACKENSACK, N. J., July 20.—Two more cases of diphtheria have developed in the Saddle River section of Bergen County, and the people living in that neighborhood have come to the conclusion that the Saddle River brook must be polluted with diphtheria germs.

Herman Devereux, a neighbor of Judge John C. Bergart, of the New Jersey Court of Appeals, had two children sick with the disease. Albert, seven years old, died from the disease, and Jennie, fourteen years old, is still sick, but will probably recover. There is a great deal of health in Bergen County, and no pest-house for contagious diseases.

Some of the people who live along the brook are members of the Board of Health of the condition of the water in the brook, and have asked the Board to take some action in the matter.

Health Game fell 5-8, to 74-34, and Missouri Pacific 5-8, to 25-5-8. The weakness of the last named was due to the decline in the collateral trust 5 per cent, on account of the company, which are due on Sept. 1, and the stock was forced to sell in order to protect other things.

Rumors were current that the Company will sell out on the Atlantic interest, but a director states that the money is already in bank to meet it.

Distillers rose 5-8, to 214-14, and Wheeling & Quincey ranged from 15-17 to 21-23; St. Paul, 68-78 to 69; Rock Island, 67-14 to 67-38; General Electric, 36-14 to 36-38; Richmond Terminal, 12-12-8, and Western Union, 84-78 to 85-14.

Money easy at 1 per cent on call. Foreign exchange 1-1/2 to 1-1/4. Gold 1-1/2 to 1-1/4. Sixty days and 4-83-1/4 a 1-2 for sight. The supply of commercial bills is extremely small.
